Commissioner for Patents

The reply filed on 10-15-2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): (see below). See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Newly submitted claims 2-13, 16-18 and 20-24 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The originally presented claims are drawn to reverse micelles whereas the amended claims are drawn to a system which form reverse micelles upon contacting with an aqueous fluid and thus, a new invention.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 2-13, 16-18 and 20-24 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
